Print Method	Inkjet
Print Resolutions	4800 x 1200 dpi, 2400 x 1200 dpi,
Ink Cartridges	Dual CMY color and black mono-
Data Interface	USB 2.0
Electrical Rating	12 VDC, 5A
Power Require-	100-240 VAC, 50/60Hz, 60 watts
Dimensions	Width: 17-1/4 in (438 mm)
	Depth: 16 in (406 mm)
	Height: 7-1/4 in (184 mm)
Weight	18 lbs (8.2 kg)

CD Mastering System

The CD Mastering System combines fast automated robotic CD mastering along with full-color, 4800 dpi direct-to-disc printing – all in one compact unit. The CD Mastering System has a high-speed 52x CD-R recorder. Full 700MB discs are produced in less than three minutes each. The CD mastering system incorporates stunning, full-color printing at up to 4800dpi. As part of digital photographic system it will be able to produce discs that look as professional as any you've ever seen using high-resolution text, graphics and photos. Printing times are fast, typical disks can be printed in just 54 seconds at 600 x 600 dpi resolution. The disk publisher can burn and print up to 50 discs without reloading providing optimal performance in high volume or unattended situations.
